BLAIR ADMITS MONEY DRIVE WAS PLANNED

CASH RAISER, ON STAND, FORCED TO ACKNOWLEDGE THAT QUOTAS ASSESSED

Hedges, However, by Declaring that Plan Was Never Fully Carried Out.

DEMOCRATS CHARGED WITH SOLICITING

Federal Office Holders Alleged to Have Been Shaken Down.

(International News Service.)
CHICAGO, Sept. 9.—Money-raising plans of the republican national committee at one time involved intensive drives for funds in 54 cities of the United States, Henry M. Blair, chief "money getter" under National Treasurer Upham, testified before the senate slush fund inquiry here today. This testimony by Blair and the summoning of Charles Boeschenstein, democratic national committeeman from Illinois, to explain why he had sent soliciting letters to civil service postmasters, featured the opening session of today's hearing.

Under vigorous cross-examination by Senator Reed, Blair admitted that the plan for an intensive money-getting drive, in 54 cities had never been carried out because state chairmen in some states and several city leaders objected to it.

(International News Service.)
CHICAGO, Sept. 9.—Alleged solicitation of federal employees for contributions to the democratic campaign fund, which republicans have charged is general throughout the country, was made the subject of investigation when the senate slush fund committee opened its session today. W. G. Sarlow, of Augusta, Ill., took the stand as the first witness and brought with him a letter from Joseph H. Coffman, a former postmaster, in which Coffman stated he had been solicited repeatedly for campaign contributions.

Letters from Charles H. Boeschenstein, democratic national committeeman from Illinois, also were introduced in evidence. A summons for Boeschenstein was immediately issued.

CHARGE LOCAL MAN SENT OBSCENE MAIL AND IS BOUND OVER

Ernest Miller, aged 35, of Decatur, was bound over to the Federal grand jury by Commissioner Watts at Huntsville this morning on a charge of violating Section 211 of the penal code.

It is alleged Miller sent obscene mail through the postoffice here. He is charged with having mailed obscene letters to C. T. McWhorter, of Moulton and to Mrs. C. M. Gordon, West Market street, Decatur.

The grand jury will investigate the case when it meets on October 12.

No Opinion On Suff Amendment Says Mr. Palmer

(International News Service.)
WASHINGTON, Sept. 9.—The department of justice will not render an opinion on the validity of the suffrage amendment unless the president or department of state ask it, the Attorney General announced this afternoon. Suffrage leaders have sought an opinion from the Attorney General.

Watson and Hardwick Are Georgia Winners

Hoke Smith and Dorsey Beaten in the Race for U. S. Senator.

ATLANTA, Sept. 9.—Returns received up to noon today indicated Thos. E. Watson had been overwhelmingly nominated for the senate in the primaries yesterday. The race for governor is close, with indications that Ex-Senator Thos. Hardwick will be victorious. Following is the county unit vote as it stands at this hour:

For Senator: Watson, 238; Dorsey, 68; Hoke Smith, 28.
For Governor: Hardwick, 172; Walker, 130; John N. Holder, 8.

Walter Brown, candidate for governor on an "open shop, anti-Gompers and labor unions" platform had not received a single county unit when the latest returns came in.

ATLANTA, Sept. 9.—Returns this morning from Wednesday's Georgia primary indicate that Thos. E. Watson has defeated Governor Hugh Dorsey and Senator Hoke Smith for the democratic nomination for the United States senatorship by over 80 county unit votes.

Former Senator Thos. W. Hardwick, in the face of the returns, still has a comfortable lead over Attorney General Cliff Walker, for the gubernatorial nomination, although his opponents have not conceded his nomination.

Congressmen Upham, Grigg, Brand, Lee, Bell, Vinson and Larson have been re-nominated. W. F. Slater is running neck and neck with Congressman Overstreet for the nomination in the First district.

JEWISH NEW YEAR TO BEGIN SUNDAY

ROSH HASHANAH WILL BE OBSERVED BY JEWS, THE WORLD OVER

Rosh Hashanah, the Jewish New Year, will be observed by Jews the world over beginning Sunday evening at sunset and lasting through Monday, September 14. Orthodox Jews observe an additional day, Tuesday, following an old tradition.

The festival of the New Year will be observed by those of the Jewish faith in Albany and Decatur with appropriate services.

This holy day is one of the most important in the whole Jewish calendar. It is the first of a series of festivals lasting nearly a month. It is the beginning of the Jewish religious year and one of its quaint features is the blowing of the shofar, or ram's horn.

Apart from its joyful and festive nature, Rosh Hashanah is rich in moral import and significance. The fact that it is the beginning of the religious year lends it special sacredness. It is the time of higher resolves, the turning point of the year. It is the day that brings home to the Jew with great force the lesson that the time is short and the work is great, and that as each year rolls quickly by, the task must be done within a shorter period every year. It is a forceful reminder of the brevity of human existence; but it optimistically stresses the great doctrine that man, far from being a plaything in the hands of blind fate, can realize his life's work if he but takes advantage of the swiftly fleeting moments.

BIDS FOR HARTSELLE PIKE WILL BE RECEIVED ON SEPTEMBER 21

More Than Nine Miles Remain to be Constructed Keller Announces.

Bids for the completion of the pike to Hartselle will be received by the State Highway Commission on September 21, according to an announcement made today by W. S. Keller, state highway engineer.

The road is known as Alabama-Federal Aid Project Number 25 and is a part of the state trunk highway Number 1. The length of road remaining to be constructed is 9.17 miles, the announcement said. Of the total, 4.7 miles is yet to be "dressed up and macadamized."

CLAIM TO OWN ALL LAND IN CHICAGO

Two Women Believed to Be Descendants of Count Pulaski, Who Was Granted Land on Which Chicago Was Built

(International News Service.)
CHICAGO, Sept. 9, 1920.—Dreams of great wealth are common, and most fortunes can be traced back to the land, but to find one's self a possible claimant to all the land on which a city of more than 2,000,000 people has its site is uncommon.

That is the situation in which two Chicago women—Mrs. Martha Schuster and her niece, Mrs. H. P. Booth—find themselves. They are believed to be direct descendants of Count Casimir Pulaski, Polish patriot, who died fighting with the American revolutionary forces.

Their claim dates back to 1779, when Count Pulaski was awarded by Congress 850 acres in northern Illinois, the territory on which Chicago is now located, in recognition of his services during the Revolutionary War. A short time later Count Pulaski was killed fighting against the British at Savannah, and the land grant never was given to his heirs.

A recent press dispatch from Philadelphia told of action started there by Jacob Groves, an attorney on behalf of Wladislaw Burdinsky, of Warsaw, Poland, to recover from Congress the equivalent in money of the value of the ground on which Chicago stands. Burdinsky, the attorney stated, is a direct descendant of Count Pulaski.

Reading of the Philadelphia incident, Mrs. Schuster was reminded of stories told her by her father, Wladislaw von Pulaski, who died in 1909. The elder Pulaski had always said he was of noble descent and that if he but had the means he could claim a fortune in Poland. A hasty search was made through old trunks. Most of the father's papers had been destroyed, but one, a discharge from the Austrian army in 1864, plainly showed he full name, Wladislaw von Pulaski.

Mrs. Schuster and Mrs. Booth are now trying to determine upon a plan of action to prove their claim.

John A. Thomason Returns Saturday

John A. Thomason, prominent Decatur business man and mayor pro-tem, will return Saturday from Birmingham where he underwent a serious operation. Mr. Thomason's many friends here will be glad to learn of his improvement. An early and complete recovery is expected.

TAX ASSESSMENTS TOTAL \$20,000,000 IN MORGAN COUNTY OFFICIALS ASSERT

Totals Almost Complete, Collector Herman Troup Announced Thursday Morning.

BOND ISSUE PETITION ACTION IS EXPECTED

Board of Revenue Probably Will Decide on Election Next Monday.

Tax assessments in Morgan County will total \$20,000,000 this year, it was announced today at the county tax office, an increase over last year of nearly \$8,000,000.

The totals have been practically completed, but the state tax department at Montgomery has not yet forwarded the totals on all of the public service corporations. However, these figures are expected to be received soon.

Additional interest centers on the assessments this year as the Board of Revenue now has before it a petition for a road bond election, filed by the Albany chamber of commerce, seeking an issuance of bonds totaling \$450,000. The bond issues are based on tax assessments and the absence of the final figures for this year has delayed final action by the board on the petition.

"We have practically completed checking the assessments for this year," Tax Collector Troup announced this morning. "We have not yet received from Montgomery the totals on some public service corporations but those figures should be forthcoming soon. We believe we can say for certain that the tax figures will be ready for the board of revenue Monday."

"The assessments this year will be in the neighborhood of \$20,000,000. That amount will be not far wrong."

TWO STILLS TAKEN 75 YARDS APART

LARGE QUANTITY OF SUGAR SEIZED BY INTERNAL REVENUE MEN

Two stills were captured by internal revenue officers, aided by deputy sheriffs, Wednesday afternoon only 75 yards apart in the Gandies Cove neighborhood, 9 miles east of Falkville. The stills were of 40 and 80 gallon capacities. One had a gas burner and the other was heated with a furnace. Twelve barrels of beer were taken.

Uncle Sam's agents seized 250 pounds of sugar, which will be sold, it is said, under the provisions of the prohibition act. No arrests were made, the identity of the operators remaining unknown.

Participating in the raid were: Deputy collectors Huckaby, of Hartselle; Howell, of Albany; Chief of Police Perchle and Night Patrolman Less Williams, of Hartselle; Deputy Sheriff Wiley, of Falkville. Revenue men expressed their appreciation for the cooperation shown by Mayor J. L. Day, of Hartselle and the Hartselle police force.

FINAL APPEAL TO BOOSTERS IS MADE

AUTO OWNERS URGED TO REPORT PROMPTLY FOR THE LAST TRIP.

A final appeal was issued today by the chamber of commerce to automobile owners to report promptly on time Friday morning for the last of the 1920 series of trade expansion tours.

Friday's itinerary carries the Boosters into Limestone county. The ferry tolls will be paid by the chamber of commerce.

ALABAMA MINES OPERATED THOUGH MANY MEN OUT; PEACE SIGHTED IN THE EAST

HEALTH WORKERS EXAMINE 'KIDDIES' OF SCHOOL AGE ON PHYSICAL DEFECTS

Tests Will be Conducted by Department Throughout Morgan County.

EXHIBIT PLANNED FOR FAIR AT HARTSELLE

Parents Will be Informed of Proper Treatment for Their Children.

Examination of Morgan County school children was begun today by the county health department at Center Grove and Ryan's Cross Roads schools.

Children in all sections of the county, entered in school, will be given free physical examinations by the health department, Dr. Burton Austin, health officer, announced today.

"We expect to give examinations to all school children of the county," he said. "In the majority of the cases the examinations will only include examination of the nose, teeth, eyes, throat and for skin diseases. If there is any indication that the child is suffering from more serious physical defects, a further examination is made. The parents are notified when any defects are discovered and informed of the proper treatment."

The examinations of school children while not compulsory, will accomplish great results in the campaign for a healthier county, it is pointed out.

The health department is preparing for an exhibit at the Morgan County fair to be held in Hartselle early next month. Dr. Austin said today that the exhibit will show the contrast between the counties in which the health work has reached an advanced stage and those counties in which no health work is being done.

PRATT NORTHCUTT HELD BY OFFICERS

BIRMINGHAM POLICE TOLD BY TELEGRAPH TO HOLD THE PRISONER

Pratt Northcutt, alias Eulice Northcutt, wanted in Morgan County on a charge of burglary and escaping from the county jail, is held in Birmingham according to a letter received by the sheriff's office here. The Magic City officials were asked by telegraph to hold the prisoner until a Morgan County official can get to Birmingham.

Northcutt is alleged to have broken into the Patterson store at Lacon sometime ago. He escaped from the jail here April 23, 1919, together with T. B. Toodle, alias T. B. Howard.

LEAVES TUESDAY

Mr. and Mrs. Roger Gardner leave Tuesday for Rogersville, where Mr. Gardner has accepted a position as cashier of the Bank of Rogersville.

1st Cotton Bale Is Brought Here Early Thursday

The first cotton bale of the 1920 season was brought here early Thursday morning by Hill Robinson, negro tenant on the farm of D. S. Echols. The farm is located on the Courtland road, a few miles from Decatur.

The bale attracted much attention on the Decatur streets. Fancy prizes were offered for it.

(International News Service.)
BIRMINGHAM, Sept. 9.—An impartial survey of the coal situation in Alabama fields revealed the fact today that the coal miner's strike has not reached its expected strength.

Although miner's officials report that practically 12,000 men are absent from their jobs with more going out hourly, nearly all of the mines in the Alabama district continue operations with almost normal production.

Operators still claim that the total number of men on strike is less than 6,500.

WILKESBARRE, Sept. 9.—Insurgent anthracite coal miners who have defied their union leaders, turned the tender of a 17 per cent wage increase down and disorganized the hard coal fields, were today ready to go back to work if guaranteed that the wage award issue will be re-opened. Enoch Williams, insurgent leader, admitted as much.

Local opinion backs up the miner's contention that the award was insufficient, but that since the union men accept it the men must return to work before the question is re-opened.

SEVERE QUAKE IS FELT AT SAN JOSE

SAN JOSE, Cal., Sept. 9.—A sharp earthquake was felt here at 8:55 a. m. today. The tremor lasted but a few seconds, but caused intense excitement. Hundreds rushed into the streets. No damage was reported in the city proper and so far no reports of damage have come from outlying districts.

Lick observatory on Mt. Hamilton reported that the quake registered distinctly on the seismograph and apparently ranged east and west. According to observers of the seismograph record, the quake was the most marked registered in years.

Jurors Announced For County Court

The following jurors today were summoned for service in the Morgan County court, which convenes Monday, September 20 for a term lasting two weeks, for trial of civil cases:

Week beginning September 20: Robert H. Hawk, Charles E. Harris, William H. Weddle, Troy Nunn, J. Hattie Maxwell, Atlee H. Hoff, Avery N. Creel, J. M. Vest, William Teague, Harry A. Wyatt, Barney Hill, Leldon G. Hardage, Jo W. Lipscomb, James E. Hill, G. Steve Hopper, Edgar R. Sanderson, Tom T. Sandlin, Charles Speagle, L. Waah Mathews, Eugene Siveley, Joe W. Fogg, Will B. Jones, E. G. Tidwell, George W. Key, Alex E. Humphrey, James B. Sandlin, W. J. Sparkman, Leo Livingston, D. Verney Day, DeWitt Crawford, Gernie Vest, Judson F. Osborne, Cecil Vantrees, J. Will Smith, William E. Stead, Dave M. McKee, John W. Sams, Charles R. Hullar, James F. Neill, Nat J. Hough, Dave O. Hendrix, J. Fletcher Turney, D. Finis Ward, Sim O. Stovall, W. Taylor Wright, Matt D. Wiggins, Wallace Williams, Sidney Wright, J. Calvin Napper, Jim Dave Wisenent.

For the week beginning September 27: James M. Jackson, Olive NeSmith, Owen Smith, J. Luk Stovall, J. Chap Sparkman, Elbert H. Weaver, Walker Yancey, T. Jeff Moore, Ernest S. Miller, Richard Winton, Pres T. Watson, Percy H. Rolfe, Lonnie Vincent, Alex C. Joiner, Will Thomas, Bodie A. Summerford, J. W. Frank Oden, James D. Plemmons, Lee A. Stinson, Claude M. Mitchell, Dave J. Whitton, J. Cleveland Justice, George W. McElroy, Oscar Gerstman, Melvin Hardin, Leon Russell, Jack A. Robinson, J. Blount Robinson, Lewis J. McCutcheon, Fred Overstreet, Fount J. Tabscott, Eugene W. Wilson, Reuben I. Taylor, Posey J. Moon, Charley Mitchell, Ellis Murphy, Dave D. Morris, Bascomb Wallace, Eddie J. Jones, Will Jones Jr., Eugene Roper, Henry C. Teague, Egbert L. Self, John McCormick, Warren J. Hester, Walter O. Simmons, Herbert Maxwell, Rufus King, Tom H. Tabscott, Jodie Walker.

SENATORIAL CABAL RESPONSIBLE FOR WORLD HATE SAYS COX; IN MONTANA

Democratic Nominee Points to Baneful Effects of Republican Action.

AMERICA LOOKED ON AS NATION QUITTERS

Senator Harding Goes Back Home to Sit on Front Porch.

(International News Service.)

HELENA, Mont., Sept. 8.—America today is looked upon as a nation of quitters, prosperous and self-satisfied, while her associates, as well as her enemies among the countries of Europe are starving to death, Governor Cox declared in a speech here today.

This feeling of hatred, the Governor said, is a direct result of delay in ratifying the treaty and the "senatorial oligarchy" alone is responsible for it.

150,000 square miles of arid land in the west, the Governor asserted, could be reclaimed with money made available by disarmament, which he said would follow entry of the U. S. into the league of nations. Reconstruction cannot be undertaken, the Governor argued, until we know where we stand with the nations of the world, and America cannot enter into that period of prosperity to which she is entitled until the "growing hatreds created against us by the apostles of hate in the senatorial oligarchy have been removed." This, he said, can be done only by our joining with 37 other nations of the world who have already affixed their signatures to the league of nations covenant. European countries will then go to work, he said, and their \$10,000,000,000 of war debts to us will be paid.

More pleased than ever with the reception he is receiving in Montana, Governor Cox left here this afternoon for the great industrial districts of Butte and Anaconda, convinced that he has practically won the electoral vote of the state.

BACK TO THE PORCH

(International News Service.)
EN ROUTE with Senator Harding, Sept. 9.—Senator Harding is speeding back to the comparative quiet of his Marion front porch today, immensely pleased with the result of his first campaign trip of the political season. So pleased is the candidate and his political managers with the reception accorded them in Minnesota that there is insistent talk on the Harding special of future trips which heretofore had not been considered feasible. Senator Harding went to Minnesota to make one speech, and that dealing solely with agriculture. Instead, the candidate made five speeches outside of the main one of the day and shook hands with thousands of voters.

Irish Constable Who Killed Three Is Shot to Death

(International News Service.)
DUBLIN, Sept. 9.—Constable Krumm was shot dead today at the Galway railway station after he had killed three assailants and wounded two. At Cocarlow, a patrol was ambushed by unidentified assailants and two constables were killed. Wholesale military raids are reported from Londonderry.

Peace Parley at Riga is Delayed

(International News Service.)
WARSAW, Sept. 9.—Russo-Polish negotiations, which were to have been renewed at Riga this week, have been deferred. Departure of the Polish envoys for Riga to resume the negotiations, which were broken off at Minsk, has been postponed for several days.

WEATHER
Showers and thunderstorms tonight and Friday.

THE "COME BACK" OF TOM WATSON

Nothing surprising ever happens in Kansas and Georgia. An earthquake, a cyclone, a conflagration, a new reform wave, a political upheaval, or even a race riot may originate in either of these commonwealths without legal notice. Kansas has always favored the extreme, even before the days of John Brown and Carrie Nation. Georgia has always been erratic and queer, even before the "come back" of Tom Watson, who will be in the senatorial run-off, or possibly the democratic nominee for senator by a clear majority over the combined votes of his two opponents.

Outside of Georgia it was sort of expected that the former populist and the latter day disloyalist would get the nomination. The public has a "hunch" that the Cracker state will always do the wrong thing. It knew that Mississippi did not swear by the long hair of Jim Vardaman in the olden days any more fervently than Georgia swears by the wild words of the sage of Thomasville in the immediate present. It must be said to the everlasting credit of Mississippi, however, that when its idol turned against his country and against his party he was promptly ditched. It must be said to the everlasting shame of Georgia that when Watson openly opposed the federal government and went so far as to attempt to frustrate its efforts to win the world war that he was immediately restored to favor.

It is admitted that Watson possesses an intellect and a talent for oratory. It is also a matter of common knowledge that he pursues vagaries, that he rides hobbies, that he is one-sided in his views and therefore not equipped for properly representing all the people of his state in the great American forum. He is a partisan first and always. He likes to take sides and to assume that his vision is accurate to the nth degree. He has never yet admitted that he was wrong or that those who see differently are entitled to consideration. In the Senate he will be the same untamed advocate of single ideas and will be without influence. His ravings and spoutings will be swallowed by a larger environment, for he is of the type that must appeal to prejudice to win.

The best fact in connection with the Watson victory is the defeat of Senator Hoke Smith. He, too, had seen fit in his wisdom to oppose the policies of President Wilson, to antagonize the League of Nations and to generally conduct himself so as to be exiled from public favor. Even his powerful newspaper, the Atlanta Journal, could not turn the tide of disapproval of an official career that was marked by an autocratic indifference to public sentiment. Between Watson and Smith the voters had little to choose, and Dorsey entered the race too late to make a formidable showing.

HARDING'S "STRADDLE" ON LEAGUE OF NATIONS

The case with which Presidential Candidate Harding, like a modern Tarzan, hops from bough to bough in a great forest of ideas in a mad flight from the League of Nations, was strongly brought out by Governor James M. Cox in his speech last night. Mr. Cox humorously suggested that the senatorial candidate for the presidency, referee a debate between Senator Johnson, bitter opponent of the League, and Ex-President Taft, proponent, to be held on the front porch at Marion, in order that the voters might reach some conclusion as to what his views are and what he might do in the event of his election. He also set out eight positions already taken by Mr. Harding in regard to the covenant, as follows:

- "1. In the Senate voted with mild reservationists.
- "2. In the Senate advocated and voted for the Lodge reservations.
- "3. In the Senate supported the Knox resolution for a separate peace with Germany.
- "4. Nominated on a platform which declared 'the League of Nations has signally failed.'
- "5. Speech of acceptance proposed separate peace with Germany and new relationship of nations to be established by him and the scrapping of the League.
- "6. August 28th speech, an entirely new plan—the resurrection of the dead Hague tribunal under which occurred the Russo-Japanese, the Boer, the Balkan and the great World War.
- "7. Speech of September 6.—'The League has now passed beyond the

possibility of restoration."

"8. Same speech (September 8).—'Amendment or revision or retraction of the League covenant is still among the possibilities.'"

If the American people had not grown accustomed to deceptions and straddlings by those who seek office, the wig-wagging of Mr. Harding would already have discredited him. On the paramount issue of the campaign he has taken no consistent position, but has like a true demagogue and charlatan, made a bold bid for the support of all factions of his party. If he could get away with it, there is no reason to doubt but Mr. Harding would both support and oppose the league of nations with equal zeal when in opposite camps. He is a politician, not a statesman.

"Eli Hagyard on Circus Day," says a headline in the Florence News. Probably that was before he drank red lemonade.

No, ye thirsty! The U. S. Department of Agriculture predicts the biggest corn crop on record.

That free lecture to men only at the Masonic Sunday afternoon ought to pack the house. If it doesn't, a few bathing beauties will be added to the program whenever it is repeated.

Says the Moulton Advertiser: Henry Watson, a former student of the Lawrence County High School, but who has been attending the University of Alabama for the past few years, and who has spent the past summer doing newspaper work for the Birmingham Age-Herald, was in town Tuesday. Henry is getting ready to go to Columbia University, New York, where he will take a course in journalism, and fit himself to become editor of some of our great newspapers. Henry is cut out for a newspaper man and we predict for him a bright future.

The Daily claims Mr. Watson as one of its own, he having secured his first metropolitan experience as a reporter for this paper. Like the Moulton Advertiser it wishes him well and predicts for him a successful career as a newspaper man.

WHAT STANDARD?

"The council last night discussed

ROUGH WEATHER IS LOT OF BOOSTERS ON DAY'S JOURNEY

The Albany Boosters, who left shortly after 8 o'clock this morning on the fourth trip of the year's series, encountered rough weather early in the day. Rain began falling before noon and the roads were becoming almost impassable in some sections. Despite the clouds this morning, a large number of auto owners responded to the call and the day's caravan was a long one.

Wednesday Afternoon
A Chauncey Dewey was located in the crowd, in the form of W. W. Rahm, popular cornetist. He was called upon to make a speech at Ransom's Store, and made a fitting response, stating that "the lathstraps

with Mr. Lund the paving program of the city. The contractors appeared before the board to request permission of the council to use a Standard Oil company asphalt instead of the Bermuda asphalt as it was impossible to obtain shipments of the latter. The specifications call for the use of asphalt, without naming a brand but requiring it to be up to standard. The Standard Oil material is said to be equal to the Bermuda and the change was allowed.

"Mr. Leftwich, of the paving company, thanked the council last night for the cooperation he had received from them."—Albany-Decatur Daily, Sept. 8.

It is possible that the contract for the new streets was let to use an asphalt that had no brand or trade mark? Any old thing seems to be good enough, only so it is up to "standard." What "Standard"? Whose "Standard"? Was there any chemical analysis of the asphalt to be used, inserted in the first contract? Permission to use Standard Oil Co. asphalt, as "Standard Oil Material is said to be equal to the Bermuda." How does anyone know it is? Who will decide it? If there had been a chemical analysis of the material to be used inserted in the first contract (I hope there was) then there would have been a way to know what the people of Albany were getting for their money.

E. C. PAYNE

FOR MAYOR OF DECATUR

T. M. DIX

I hereby announce my candidacy for the office of Mayor of Decatur, Ala., at the election on Sept. 20 and will appreciate your vote and influence.

(Paid political advertising authorized by T. M. Dix.)

JAMES A. NELSON

The Daily is authorized to announce the candidacy of James A. Nelson for reelection as Mayor of Decatur at the September election. Your vote and influence will be deeply appreciated.

(Paid political advertising authorized by James A. Nelson.)

FOR MAYOR OF ALBANY

J. T. RAINEY

We are authorized to announce J. T. Rainey as a candidate for Mayor of Albany, Ala., at the election on September 20, 1920. Your personal support and influence is solicited and will be appreciated. (Paid political advertising authorized by J. T. Rainey.)

E. C. PAYNE

I hereby announce my candidacy for mayor of the City of Albany and will appreciate your vote and influence.

(Paid political advertising authorized by E. C. Payne, Albany, Ala.)

FOR PRESIDENT ALBANY COUNCIL

TUL WORLEY

We are authorized to announce Tul Worley as a candidate for President of the Albany Council at the city election on September 20, 1920. (Paid political advertising authorized by Tul Worley.)

W. V. DAVIDSON

We are authorized to announce W. V. Davidson as a candidate for President of the City Council of Albany, Ala., who will appreciate your vote and influence. (Paid political advertising authorized by W. V. Davidson.)

E. R. WOLFE

We are authorized to announce E. R. Wolfe as a candidate for President of the City Council of Albany, Ala. Election Monday, Sept. 20, 1920. He will appreciate your vote and influence. (Paid political advertising authorized by E. R. Wolfe.)

of the Albany people were out to all visitors, and they would be welcomed."

Valhermosa was reached at 12 o'clock, and it was planned to spend just enough time there to make the speeches and for the band to play, and journey to Woodland Mills for dinner; however, the fried chicken, good ole apple pies, and every other delicacy which the people of Valhermosa had prepared were too much temptation to the Boosters, and at the invitation of the good people of that section they remained there for the noonday repast. A number of speeches were made by Boosters.

Woodland Mills was reached at 1:10, where a good crowd welcomed the trade boosters. A few minutes was spent there, and the crowd journeyed on to Six Mile where in a telling speech, Sheriff J. V. May, declared that "North Alabama was the greatest country in the world, and Morgan was the great country"; he said that the people of this Section would not turn you down for anything.

C. D. Patterson made a short speech on good roads, and John Proctor was the other speaker of the day.

At Somerville, which was reached at 4 p. m. speeches were made by Rev. L. F. Goodwin, F. A. Bloodworth, W. M. Chenault and others. A large crowd welcomed the Boosters there.

Henderson's store was reached at 4:40, and one of the largest crowds of the season greeted the Boosters there. A welcome address was given by Mr. Henderson, followed by short speeches by C. D. Patterson, and Herbert Hughes. It was here that the sad news came that Rev. Wilks would not be able to go on any more of the trips, and at the suggestion of C. P. McDaniel three cheers were given for Rev. Wilks.

The refreshment wagon reached Henderson's store a few minutes ahead of the boosters, and a number of cones shortly after getting there.

The Boosters got away at 5 o'clock and arrived home shortly before six. This was by far the best trip yet, and the largest and most enthusiastic crowds were present. Much of the success of the day was due to the marshalling of Herbert Hughes, and the splendid addresses made by Dr. Wilks.

 Bridge Party (3 p. m.) Mrs. Herbert Odum, Mrs. Richard Harris

WEDNESDAY CLUB

Mrs. Roy Billings was hostess yesterday afternoon to the Wednesday club. Conversation and sewing were features of amusement. The hostess served an ice course to her guests. This is a newly-organized club composed of the following members, Mesdames Roy Billings, Earley Phinizy, W. E. Steed, R. T. Sheppard, C. L. Saunders, O. C. Parker, L. C. Mayes, John Garrison, Joseph Petter, and Marvin Rankin.

ENTERTAINS FOR MRS. RAY BOYD

Mrs. B. M. Bloodworth entertained at Bridge Wednesday afternoon in honor of Mrs. Ray Boyd, of Chattanooga, the guest of Mrs. S. H. Wilds. Gift flowers added to the attractiveness of the home. The game was played at eight tables, Mrs. W. R. Nelson making top score. The consolation was cut by Mrs. Wallace Carson. The honoree was presented with a handsome memento.

Those playing were: Miss Mabel Nesbitt, Mrs. W. N. Cowden, Mrs. W. R. Nelson, Mrs. Rufus Pearson, Mrs. John McGeehe, Mrs. Burton Austin, Mrs. Harry Carpenter, Mrs. Roger Gardner, Mrs. P. Ballas, Miss Fannie Brown Collier, Miss Carolee Speake, Mrs. John Knight, Mrs. Wallace Carson, Mrs. Frank Lide, Mrs. Troy, Mrs. Fred Hunt, Mrs. T. H. Alexander, Mrs. Sam Irwin, Mrs. William Wyker, Mrs. T. M. Jones, Jr., Mrs. Hugh Greer, Mrs. Lacey, Miss Helen Camode, Mrs. J. Y. Hamil, Mrs. Eugene Morrow, Mrs. Harbin Miller, Mrs. Gardner, Mrs. J. W. Jones, Mrs. Boyd and Mrs. S. H. Wilds and Mrs. P. Cartwright.

Miss Thelma Morrow is expected home this week from an extensive visit to relatives at Cincinnati. En route home she will stop over in Nashville, to visit Miss Isabella Culom, for a few days. Miss Morrow will be a member of the Albany School Faculty this winter.

W. M. U. MEETING

Circle No. 2, of the Missionary Society of First Baptist church, Albany met with Mrs. G. C. Thompson, Sept. 8, at 2:30 p. m. After devotional and business, a social hour was enjoyed, when delightful refreshments were served. Those present were: Mesdames R. F. Stuckey, G. W. Portwood, J. W. McCall, H. C. Dodd, J. A. Tidwell, J. B. McGarr, C. Dood, E. Shoemaker, B. Wright, G. C. Thompson and Miss Mary Field. Next meeting will be with Mrs. J. A. Tidwell, Sept. 20, 2:30 p. m.

MARY FIELD, Publicity Secty.

Mrs. H. H. Huddleston, of Bauxite, Ark., who has been the guest of her mother, Mrs. A. E. Crane, leaves for her home Saturday.

Miss Alice Crane leaves Saturday for Bauxite, Ark., where she will teach school this winter.

Mrs. D. E. Henderson will entertain the Set Back club tonight at her home, 701 Canal street.

Mrs. William R. Nelson and Miss Marcella Collier entertain jointly at cards Friday evening at Mrs. Nelson's apartment on Bank street, honoring Miss Fannie Brown Collier, who leaves shortly for Birmingham and Miss Louise Collier, of Washington, D. C.

Mr. and Mrs. Auburn Clawd returned to their home in Little Rock, Ark., Monday, after spending several days with their parents, Mr. and Mrs. Claud Galahar.

Mr. and Mrs. B. O. Sims returned home Sunday from a visit to Florence and Tusculum.

Mr. and Mrs. A. H. Iankes, formerly of Chattanooga, have come to Albany to reside and will occupy a cottage on Johnston Street. Mr. Iankes has accepted a position with the Churchill Compress Company as chief clerk.

Miss Madge Bullard left today for Austin, Texas, where she will resume her studies at the University of Texas.

Mr. and Mrs. LeRoy McEntire are in Nashville on business. The trip was made over-land in their handsome Stutz car.

Misses Elizabeth Houston and Katie Sue Randolph are in Courtland attending the Missionary conference.

Mr. and Mrs. J. R. Collier and family have returned from Cincinnati and other eastern points.

Mesdames W. H. and W. D. Sims, of Fayetteville, Tenn., returned to their homes Sunday, after a pleasant visit here, the guests of Mrs. B. O. and Mrs. O. O. Sims.

PERSONALS

W. C. T. U. will meet Friday afternoon with Mrs. Virginia Graham at 3 o'clock. A full attendance is desired as there will be an election of officers for the ensuing year.

Prof. J. M. Collier will be the superintendent of city schools the coming year at Cordele, Ga., Mrs. J. M. Collier will be a member of the faculty.

Dan Kirkland left for Hot Springs, Ark. yesterday.

F. S. Hunt is in Birmingham this week attending the Scottish Rites ceremonies, being held in that city.

Gilchrist Case On Trial Again

The case of Daniel Gilchrist, charged with killing E. L. Wann, at Courtland, last year, is on trial in the Circuit court at Moulton. The case is expected to be concluded Friday. On account of the prominence of the principals in the tragedy, the shooting created much interest in North Alabama.

HOME GUARDSMEN WIN LARGE SUIT

The five Moulton citizens, of whom several were members of the home guard, sued by J. W. Williams, administrator of the estate of John Henry Williams, alleged slacker, won the case when it was called in the Circuit court at Moulton. The complaint was dismissed.

Williams was fatally wounded when he is said to have tried to escape from a posse, after failing to answer the call of the Lawrence county draft board during the war.

Civil Service Exam To Be Held Oct. 9

The United States Civil Service Commission has announced an examination for the County of Morgan, Ala., to be held at Albany, and Huntsville, Ala. on October 9, 1926, to fill the position of rural carrier at Albany and Lacey Springs, Ala. and vacancies that may later occur on rural routes from other post offices in the above-mentioned county.

The examination will be open only to citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form No. 1977 and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

BIRTH

Born to Mr. and Mrs. Robert Rigby, 10 lb son, Sept. 8th.

Wanted Full Information.

Johnnie's father was ill in a distant city and Johnnie asked his mother who was taking care of him. She replied: "Oh, he has two nurses." After much thought, he said: "Are they man?"

Beats Gasoline at 15 Cents a Gallon

New invention makes Ford run 34 miles on Gallon of Gasoline and start easy in coldest weather. Other cars show proportionate savings.

A new carburetor which cuts down gasoline consumption of any motor, including the Ford, and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 583 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30% to 50%, but enables everyone to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather without previously warming the motor. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents, to whom they offer exceptionally large profits. Write them today.

Sugar Cane.

The leaves of the sugar cane are long and narrow, and the stalks are hard and thick. It looks very much like growing corn, but grows somewhat taller—at times as high as 15 to 18 feet. After the cane ripens, it is cut and taken to a sugar mill.

Orchid Crossbreeding.

While orchids from the wilds have remarkable and interesting characteristics, they are being rivaled and surpassed by new forms produced by hybridization in the greenhouses of experts. Now, the hybrids are many in number and are supplanting the older varieties in part because of their exquisite beauty of color and form, their increased fragrance and their greater ease of cultivation. It is slow work, the crossbreeding of orchids, but it is marvelously fascinating.

Rather Slim Excuse.

Celia and Bobby disagreed, whereupon Celia slapped her brother. A wall brought their mother. Only after a long and severe reproof did the small girl's spirit melt and then she said: "Oh mamma, I'm sorry I slapped him. I didn't mean to. My hand slipped."

European Flowers.

An authority on botany estimates that the number of species of flowers cultivated in Europe is 4,300, of which 420 possess an agreeable perfume. Odors are most likely to be found in flowers, having white or cream-colored petals, then yellow, red, blue or violet in order.

Virtue in Paying Debts.

Paying of debts is, next to the grace of God, the best means in the world to deliver you from a thousand temptations to sin and vanity.—Delaney.

America and England.

The war of independence was virtually a second English civil war. The ruin of the American cause would have been also the ruin of the constitutional cause in England; and a patriotic Englishman may reverse the memory of Patrick Henry and George Washington not less justly than the patriotic American.—John Morley, on Burke.

Lower California Cattle.

In addition to cattle, many excellent mules are raised in Lower California. Horses are rarely used. The faithful burro is the principal means of transportation. Except for a few thousand in La Frontera, there are no domestic sheep in the country. In the southern part there are numerous flocks of goats. The largest cattle ranch on the peninsula comprises almost 1,000,000 acres.

Grape-Nuts

Decatur Schools Will Be Opened On September 15

The Decatur City Schools will open on Wednesday, September 15, at 8:30. On Monday and Tuesday preceding teachers will attend the Teachers' Institute at Albany, as directed by the state superintendent of education.

It is important that pupils enter on Wednesday, the first day, get their list of books and lesson assignments, and pay the entrance fees.

Incidental Fees

For grades one to seven inclusive, \$1.00 per scholastic quarter (nine weeks).

For high school, grades eight to eleven, \$2.00 per quarter.

Tuition

Non-resident and over-age pupils pay regular tuition, as follows:

High school, \$3.50 per month.

Below high school, \$2.50 per month.

Tuition and incidental fees are payable in advance.

Children who are six years of age on or before Oct. 1 next may enter school, but are not required to do so.

If they become six years old after Oct. 1, they can not by the state school laws be admitted. Children so young can well afford to wait until next year.

Compulsory attendance applies to children between the ages of eight and sixteen, and they must attend school regularly for at least one hundred days in succession, and must enter on the first day.

All text books used last session will be retained this session, except one series of first, second, and third readers, which the publishers refuse to supply. These are called "stepping stones to literature." Pupils will please bring all second-hand copies of these books and of the Free and Treadwell readers that they may have. The Board of Education has authorized the use of some other set of readers to meet the shortage, but pupils who have the old books may exchange for the new by paying the difference in price.

The music class will be under the direction of Miss Allie Dekle, who has made a brilliant record as a music teacher in Georgia. We hope the patrons of the school and others will give strong support to the music class.

We likewise commend to their support the expression class, which remains under the efficient instruction of Miss Majorie Rainey.

Considerable improvement has been made on the school buildings, two additional rooms erected and new desks supplied. W. W. Benson, Supt.

Church's History.
With much diversity of opinion on minor points, there is a general agreement in dividing the history of the church into three great periods. The first, from the birth of Christ to the time of Constantine; the second from that epoch to the Reformation, and third, from the Reformation to the present time.

Like to Read the Ads.
American advertisements in magazines and newspapers are the favorite reading matter of the residents of the Red sea region. The people find them far more interesting than the stories and articles, and all the magazines that reach the American consulate at Aden are eagerly borrowed.

Headache Cure.
A teaspoonful of charcoal powder in half a glass of water, is a cure for sick headache, and relieves heartburn. The powder is difficult to mix with water; it assimilates better with milk, so that the quantity named should be worked to paste with a small quantity of milk; sufficient water to make the draught being added.

Classes in Vocal and Instrumental MUSIC
MRS. J. M. PETTEY
Will Begin Sept. 15.
Sherman St. & 6th Ave.
Albany, Ala.

Daily Thought.
Where should the scholar live? In solitude or in society? In the green stillness of the country, where he can hear the heart of Nature beat, or in the dark, gray town where he can hear and feel the throbbing heart of man?—Longfellow.

St. John's Writings.
There is satisfactory evidence that St. John, the beloved brother of James and son of Zebedee, was the author of the Gospel, Epistles and Revelations ascribed to him. The Revelations were written during his exile on the island of Patmos; the Gospel and Epistles after his return under amnesty to Ephesus, where he was superior of the churches.

All Learn Jiu-Jitsu.
Japanese children begin to study Jiu-Jitsu in their earliest years, for it is a system of physical culture, hygiene and ethics, besides being a form of self-defense and offense. A series of exercises to give strength and flexibility to the limbs are first taught; later the pupil is shown the fine art of using an adversary's strength against himself, which is the real principle of Jiu-Jitsu.

Duty to Posterity.
I would submit to a severe discipline, and to go without many things cheerfully, for the good and happiness of the human race in the future. Each one of us should do something, however small, toward that great end.—Richard Jefferies.

ACCORDING TO FIXED DESIGN
Variety of Reasons Advanced for the Arrangement of Paint on the Cheeks of Clowns.

All pantomime clowns paint their cheeks and mostly they do so according to certain designs handed down from generation to generation. But as to the why and the wherefore opinions differ.

According to one authority the scarlet triangles, red fishtail and half moon, originated from dabs of vermilion placed here and there on the cheeks at haphazard to represent a naughty boy who had been at the jam pot.

Another says that the pantomime clown's reddened face is intended as a burlesque of the rouge-tinted cheeks of the pantomime Columbine; while yet a third has it that the crimson patches are a survival from the early mystery plays, when the clown was a demon, and red all over.

The theory has also been held that the modern clown in pantomime is a direct descendant of Momus, the god of mockery of the early mystery plays and masques, who was always represented with a huge gaping mouth. The red fishtail is merely the survival of that part of the medieval makeup which aimed at producing an apparent enlargement of the mouth.

These curious scarlet symbols are only found on the cheeks of pantomime clowns. The ordinary circus clown does not paint his cheeks.

He paints only his nose, with a view to poking fun at the "boss," the ringmaster, whose nasal organ, in regard to the old-time circuses at all events, was more often than not apt to be highly colored.—Pearson's Weekly.

PUT THEIR WITS TO WORK

Spanish Post Office Clerks Did Really Creditable Job in Solving Rebus on Envelope.

A curiously addressed letter passed through the post office at Madrid, which was deciphered and correctly delivered, notwithstanding all difficulties, says the Philadelphia Inquirer.

The address was a perfect rebus. At the left hand side was the figure of a lady; it was clear, therefore, to which sex the recipient should belong. Over the lady's head the sun was rising; hence her name was inferred to be Aurora. For her surname stood a hill, with a castle at its foot, which gives us "Montes y Castello."

Next comes the town, for which the plan of a city was drawn, on which the Alhambra was legible. This indicated Granada; but in order to leave no doubt possible, a pomegranate was drawn beside the plan. To complete the address a number was indicated in one of the streets of the city plan.

The postal authorities took three days to study this curiosity and then triumphantly delivered the letter to "Señorita Aurora Montes y Castello, Azacayas, No. 20, Granada," and so far from censuring the sender, they had the envelope photographed and a copy printed in the Madrid newspapers, as a proof of the intelligence of the department.

Youth and Age.

Nobody, so far, has found a real substitute for youth, although some surgical experiments are asserted to have been successful in restoring vitality and youthful spirits. Youth, after all, is a state of mind as well as a span of years. Men and women are not old at sixty; they are not old at seventy, and when eighty is reached many of them refuse to be shelved. One's outlook upon life is likely to determine whether one is to continue real living or go to seed. Years ago men retired at forty or fifty and were not worth much to their communities after that. Now a man stays in the harness, alternating work and play. So, in reality, he never grows old in spirit, regardless of an accumulation of many years when birthdays come. Old age is something of a habit. It is easy enough to acquire if one seeks it, but if youth is desired one may have it, and forget about the birthdays.

Plans Require Fine Timber.

There is no other industry for which a greater variety of fine timber is required, and none in which the timber must be seasoned more carefully than piano-building. The varieties include Canadian spruce, American oak and whitewood, Hopbush, mahogany and best English beech. Sounding boards are made of Swiss pine, the "Athens Excelsa," which is nothing but the Christmas tree with which we are all so familiar. All this timber has to be seasoned in a special heating chamber, where it is subjected for days together to a powerful draft of dry air. It was not until more than half of the eighteenth century had passed that the piano became popular.

Largest Known Potato.

The department of agriculture says that the weight of the largest potato recorded in its office is between seven and eight pounds. There may have been larger ones produced, but the department has no record of it.

A. E. F. Landmarks Going.
Gradually the landmarks of the American army that first reached the Rhine are disappearing. The old buildings that sheltered the first amusements and recreations are being demolished, and the latest one to feel the blow of the wrecker's hammer is the victory hut in Coblenz.

This hut was built to provide an adequate eating place for the soldiers coming in from the various bridgeheads. A corps of civilian workers were kept busy preparing and serving the food for the 7,000 men who were fed there each day. At first the entire building was used as a cafeteria, but when the most of the divisions had gone home and the A. E. F. became the A. F. G., half of the building was converted into a wet canteen for the service of light lunches, ice cream, etc., and the other side was still used as the cafeteria.

November 5, last year, a heavy snow storm came near ending the career of the hut. The weight of snow on the roof was so great that the main pillars buckled and distorted the floor to such an extent that the authorities questioned the advisability of making the necessary repairs. The demand for a skating rink, however, was so insistent that after much discussion the building was altered and the athletic enthusiasts, as well as the skating enthusiasts, used the building during the winter.—From the Stars and Stripes.

The Black-Cap.

The black-cap, one of the songsters of England, sings a sweet, full, clear but short strain, and expresses a great variety of tones, surpassed only by the nightingale. Black-caps are most frequently found in orchards and gardens.

First Sleeping Car.

A sleeping car was put into service on the Cumberland Valley railroad (now a part of the Pennsylvania railroad system) in 1836 or 1837, but was abandoned in 1848.

Notice to Contractors

Sealed bids will be received by the State Highway Commission of Alabama at the office of the State Highway Department, Montgomery, Alabama until 12 o'clock, noon, Tuesday, September 21, 1930 and at that time publicly opened, for taking over and completing Alabama Federal Aid Project Number 25, Morgan County, Alabama. The same being a part of State Trunk Highway Number 1, between Albany and Hartselle.

The length of road to be constructed or improved is 9.17 miles of which 4.7 miles is yet to be dressed in and macadamized, and the principal items of work to complete Project No. 25 as originally planned are approximately as follows:

10400 cubic yards of stone macadam, 4.7 miles roadbed to be dressed, 3000 cubic yards earth grading. Additional to Project Number 25 as originally planned 75,000 square yards of asphalt Double Surface treatment. Plans and specifications are on file at the office of the State Highway Department at Montgomery, Ala., and in the office of the State Highway Department's Division Engineer at Decatur, Alabama.

Any additional information may be secured from the State Highway Engineer, Montgomery, Alabama.

The right to reject any or all bids is reserved. Cash or certified check for one thousand dollars, made payable to the Chairman of the State Highway Commission of Alabama, must accompany each bid as evidence of good faith and as a guarantee that if awarded contract the bidder will execute contract and give bond as required.

W. S. Keller,

COUNCIL MEATS

**Better Meats That Cost Less
No Waste • Always Tender
Ready-Cooked To Perfection**

**Save 1/4 of Your Meat Bills and
Feed Your Family Better**

OUT of every dollar you spend for uncooked meat about 25c is wasted. The fat and bones and waste that come with uncooked meat—are all cut out of the meat you buy in a "Council" can.

Council Meats are fine, fresh selected meats. All the bone and fat and skin are cut away and then the meat is carefully packed and perfectly cooked in vacuum. When a can of Council Meat say 12 ounces it means 12 ounces of solid cooked meat, all the waste cut out.

Begin today—save 25c out of every dollar you are spending for meat.

Look at the big list of assortments (at the bottom of this ad). The cost noted is the cost of the meat—cooked. All waste is removed before the meats are packed and sealed air-tight in our wonderful daylight plant. No money for fuel except just enough to heat it for the meal.

Castor Oil Made Tasteless

A remarkable new process, recently perfected by Spencer Kellogg & Sons, Inc., has made castor oil *absolutely tasteless*. Strength and purity remain the same. Nothing has been removed but the taste.

KELLOGG'S TASTELESS CASTOR OIL

This valuable new form of the good old family remedy is strongly recommended by up-to-date doctors and druggists. Children take it without even knowing it is castor oil. Grown people, too, will appreciate the big difference between *Kellogg's Tasteless Castor Oil* and the old-fashioned nauseating kind. Insist on *Kellogg's* if you want a really *tasteless* castor oil.

Three Sizes—15c, 35c, and 65c

GROUND BOUGHT FOR BALL PARK

COLUMBIA KIWANIS BACK PLAN FOR NEW ATHLETIC FIELD.

Ground has been purchased by Columbia business men for a ball park and athletic field and the Tennessee city is already planning for a ball team in the proposed North Alabama-Tennessee league. The purchase of the park property was backed by the Columbia Kiwanis club.

Regarding the purchase, the Maury Democrat says:

One of the most far-reaching public spirited enterprises for Columbia to have had its inception in the live Kiwanis club, was the purchase Tuesday by a party of Columbia business men, of the magnificent ten acre Rainey field just across Duck river bridge, for the purpose of equipping one of the best athletic fields and parks in the state. The lot was purchased from Mr. Rainey for \$5,000, about \$500 per acre, and improvements will begin as soon as the present crop is removed. The purchaser are W. S. Bensley, president of the Kiwanis club, Cord D. Park of Park Bros.; H. Allison Webster, J. Ross Burnz, Dr. Robert Pillow, Sr., Gordon R. Cowie, William P. Ridley, Joseph M. Dedman, Alf Brazier, Carlton C. Fry, and Will W. Dyer.

This is one of the strongest indications that there is still an abundance of public spirit in Columbia that need not such an organization as the Kiwanis club to arouse it to a point of profitable development. The big park will be equipped primarily for athletic field with an immense stand and other features. The Columbia baseball team has made such a splendid record this season that Columbia will be instrumental in organizing a real league next year, including the cities of Decatur, Lawrenceburg, Florence, Mt. Pleasant and others. It will be one of the best equipped and most desirably located baseball parks in the state. A concrete walk will lead right to the grand stand from the city, a pavilion to be erected from the bridge into the park.

One of the purchasers stated to The Democrat that about \$10,000 would be expended in making a creditable ball park for Columbia and the premises may also be used for transient shows, county fairs or any other public gatherings. Work will soon begin on improving and beautifying the grounds and a landscape gardener will have his home on the premises and give it his constant attention.

The property is ideally situated for development of the kind, having perfect drainage and artistic environment. It is bound on one side by beautiful Duck river and on another by the Jackson Highway that is now being constructed. It is within easy walking distance of any part of the city and will be a popular resort next summer.

The need of such an improvement for Columbia has been recognized for some time, but only this week did the plan materialize and the purchasers get busy and assert their public spirit.

Amusements

"BEHIND THE DOOR"

SCENES PICTURED IN

REAL SUBMARINE Battleship and submarine scenes both exterior and interior, will be technically correct in the Thomas H. Ince special production. "Behind the Door," starring Hobart Bosworth, which comes to the Princess Theatre, today as a Paramount-Artcraft picture.

This was assured when Director Irvin Willatt enlisted the services of Lieutenant John Cook from the H-8 at the submarine base at San Pedro, Cal., to guide him through the nautical acts. Mr. Cook approved all the interior boat sets before they were photographed and he was with Mr. Willatt on the battleships and on the submarine while making the exteriors, so that every movement was in strict accordance with naval discipline.

Lieutenant Cook also directed the submarine while the action pictures were being taken. In doing this he performed a remarkable feat. It was desired to get a picture of Bosworth on the deck of the submarine submerged. To get the proper angle the cameras had to be placed on top of the conning tower. Lieutenant Cook was asked to submerge the boat, but to stop as close to the floor of the conning tower as possible, that the cameramen should not be drowned or their instruments ruined.

The officer submerged the boat until the water was within an inch of the conning tower floor and stopped. Mr. Bosworth was, of course, compelled to swim to a nearby rescue boat. Director Willatt didn't even get his feet wet and insists Lieutenant Cook is a complete master of his submarine. Jane Novak and a fine cast of players appear in Mr. Bosworth's support.

LIVE CAMPAIGN IN D. C. BEING WAGED

ALTHOUGH DISTRICT IS VOTELESS, MANY CAN CAST BALLOTS BY MAIL THIS FALL

By David M. Church.
International News Service Staff Correspondent

WASHINGTON, Sept. 9.—The District of Columbia—despite the fact that it is voteless—is head over heels in the Presidential campaign.

An active campaign is being carried on here by both parties for the votes-by-mail of both males and females. Many States are now permitting absentee residents to cast their ballots by post, and a large proportion of those who dwell in the District of Columbia still maintain their home residences in other States. This fact has swelled the actual electorate of the District, and the result is a lively tussle for votes in a District where ballot boxes are as scarce as Republican victories in Texas.

A large percentage of those who work in Washington have taken up their residence in Virginia and Maryland, just across the District lines and therefore the political battles of these two States are also being fought out in the national capital.

Harding and Coolidge clubs have been organized here, and notwithstanding the fact that there has been some petty squabbling as to who is the real Republican leader in the District the organizations have started in upon a whirlwind campaign.

John F. Costello, Democratic National Committeeman, has conferred with Chairman White, of the Democratic National Committee, and is now outlining a vigorous drive to capture the mail votes of the District of Columbia for the Cox and Roosevelt ticket. Particular pride is taken in this campaign by the Democrats of the District, as they claim that Franklin D. Roosevelt is a District product, despite the fact that he is a New York resident. John Costello and John Colpoys, delegates to the San Francisco convention from the District of Columbia, were responsible for the launching of the Roosevelt for Vice-President boom.

Campaigning within the District is leading to a situation which may call for Congressional action. Restrictions are placed upon the political activities of Government employees, and his has led to an exchange of fire between some of the officials of the Civil Service Commission and representatives of the Federal Employees' Union. It is probable that Congress may be called upon to define strictly what political activities are barred for Government employees if the restrictions laid down by the Civil Service Commission do not meet with the approval of the officials of the unions of Government employees.

Although no voting booths will be within the District of Columbia next November, there is going to be a lot of mail ballots cast, and until next November torchlight parades and campaign speeches will burst forth as energetically in voteless Washington as in enfranchised Chicago.

Jap Children Make Toys.

Japanese children are responsible for a great deal of the cheap toys which are sent from that country to this. The children are rounded up in groups of a dozen or more and they devote nearly all their time to the work for which they receive a few cents a day.

AN ORDINANCE

To regulate the maintenance of signals by railroad companies at Moulton street, where the railroad track crosses said street.

Be it ordained by the City Council of the City of Albany, Alabama, as follows, to wit:

Section One: It is hereby made the duty of each and every railroad company operating one or more main tracks or main line trains on, over or across Moulton street in the City of Albany, Alabama, to maintain an electrical or other satisfactory type of automatic signal on each side of said crossing of Moulton street and said tracks, excepting that if there are several tracks approximately parallel and adjoining, the said signals shall be both audible and visible both day and night, and so located as to be readily seen from Moulton street, so that proper protection shall be given to persons and property by giving due notice of the approach of any engine, car or train approaching said street crossing. In the event that the said signals are, through accident or otherwise, temporarily inoperative, the said railroad company or railroad companies, shall after reasonable time, during such temporary period of inoperation protect all movements over said street crossing by a flagman stationed at the crossing for that purpose, or shall cause each engine or train to be preceded across said street by an employee of said railroad company or companies, to warn all persons about to use said crossing of the approach of said engines or trains.

Section Two: Any person, firm or corporation violating this ordinance by failing to install and maintain such automatic signals as described in Section One hereof shall be fined not more than one hundred, (\$100.00), dollars. Except, however, a reasonable time after passage of this ordinance shall be allowed to all said railroad companies or corporations to secure and install said automatic signals.

Section Three: Each day's failure to comply with the provisions of this ordinance, (after the installation of said signals), shall be considered, held and construed as a separate offense, and any person, firm or corporation violating the provisions of this ordinance may be prosecuted separately for each day they fail to comply therewith.

Section Four: This ordinance shall replace and supersede Ordinance No. 97, adopted February 3rd, 1903, and all other ordinances pertaining to flagging or protection at railroad crossings over Moulton street in the city of Albany, Alabama. Excepting, however, existing ordinances shall remain in force and effect until automatic signals provided for in Section One hereof shall have been installed and placed in operation, after which time this ordinance shall be the only one in force and effect, and said ordinance No. 97 and all other previous ordinances shall be null and void, repealed and no longer operative.

Approved: This the 9th day of Sept., 1920.

A. C. Dillehay,

Mayor, City of Albany, Alabama.

Adopted Sept. 7th, 1920.

Attest:

H. Hartung, City Clerk,

City of Albany, Ala. 9-11

Fall Days Suggest The Essex Sedan

Economical—Easily Handled, Beautiful and Comfortable—Compare its Price

Everyone now thinks of an enclosed car for cool nights and the coming winter.

But the objection to enclosed bodies on light cars has been their restricted performance.

The Essex has ample power to offset the additional body weight.

Economical in Operation and Maintenance

It is a compact, commodious car, with a range of performance that answers every need. Owners have used their Essex Sedans for long tours. They know no limits to its service. It answers every requirement of comfort and

beauty and it is economical as everyone expects a light car to be.

Gasoline, oil and tires are small items of expense in the operation of the Essex. But the greatest saving is due to its reliability. Repair and adjustment costs are negligible.

Much of the satisfaction in motoring comes from the appearance of the car. It expresses one's taste and individuality as much as one's clothes or the house in which one lives.

The Sedan is in every sense a family car of all seasons.

And its price is more than attractive in comparison with other Sedan types, regardless of the more important question of performance and durability.

THAT FAMOUS CARD INDEX OF NATIONAL WOMAN'S PARTY IS EXPOSED FOR FIRST TIME

By MILDRED MORRIS,

International News Service Staff Correspondent.

WASHINGTON, Sept. 3.—The famous card index of the National Woman's Party, hitherto closely guarded from prying eyes, was thrown open to the International News Service today by special permission.

It contains inside information on Presidential candidates, members of Congress and the Governors and legislators of every state, giving "close-up" views of their lives, habits and associations.

Since its inauguration by Miss Maude Younger, of San Francisco, Calif., legislative chairman of the Woman's Party, the index has been the subject of sensational charges by the anti- and burning curiosity on the part of leading public men. The anti- in Tennessee, now threaten to have it produced before the Grand Jury investigating the charges which have grown out of the ratification fight.

If all the information it contains were made public, the present Presidential campaign would be considerably enlivened and certain national political leaders would find their hair rising straight up and other equally prominent leaders would blush from sheer embarrassment.

In it are indelibly recorded utterances, expressed at unguarded moments, of Senators and Congressmen now running for re-election, who strongly opposed the Nineteenth Amendment when it was before Congress, ready to rise up from the past and smite them in the face if they try to "hornswoggle" the new lady voters into believing their stand on suffrage was misunderstood.

There are specially written descriptions of America's leading statesmen. A breezy young suffragist sent to interview one of the Presidential nominees before he came into prominence as a candidate described him as a "lady's man" and "rather a sport."

"My Wife Won't Let Me" is the refrain recalled by the index when it comments on the attitude of other prominent anti-Senators. "Home pressure more than anything else responsible," it says regarding the stand of Senator Wadsworth, of New York, whose wife is president of the National Association Opposed to Suffrage.

One Vermont legislator, in a letter confiding that he was for ratification, concludes with the plea: "For Heaven's sake don't let this get to my wife and the neighbors!"

Senator Moses, of New Hampshire, is quoted as telling interviewers that his wife is an anti and "considers one politician in the family enough," and expressing the view that "women will not better things."

Former Congressman Jeanette Rankin, who went to interview Senator Hoke Smith, of Georgia with another suffragist, reports: "He took the only chair and let us stand. He said as we were suffragettes we shouldn't mind."

Senator Knute Nelson is described by other Republican Senators who are quoted in the index as "the hardest man in the Senate to manage, but if left alone will vote right."

A young suffragist who tried to interview the veteran Senator from Minnesota reports him as advising her "to go home and get a husband and raise sons for the war."

Another writer of a visit to Senator Pomerene: "I approached the lion's den with great trepidation and trembling. It was fortunate the Senator had eaten his breakfast or he would have eaten every suffragist alive."

Senator Lodge is quoted as saying: "Women do not need the protection of the ballot. They are already better protected without it. I regret to see women seek to come down to the level of men for then men will become brutalized and women will suffer."

Senator Reed, of Missouri, is described as taking suffrage as a joke. Senator Brandegee, of Connecticut, is quoted as saying he would oppose suffrage "even if every one in Connecticut were for it."

Senator John Sharp Williams, of Mississippi, is quoted as telling inter-

viewers he was waiting "to hear from two women friends, one an anti and one a suffragist" before he took a stand on suffrage.

Congressman Tinkham, of Massachusetts, according to the index, frankly stated "he wanted it to be a man's world," while Congressman Tillman, of Arkansas, is quoted as saying: "Women are 1,000 years behind men."

Domesticity of Brazil.

In Brazil not 1 per cent of the male and female servants will, it is said, sleep in their master's house. They insist on leaving at the latest by seven o'clock in the evening and will not return before seven or eight o'clock in the morning.

"Scapa Flow."

In Scotch the word scapa means "head" and flow means "sen." Scapa flow is the portion of the sea in the southern part of the Orkney Islands which extends from Pomona to the Pentland frith. It is fifteen miles long and about eight miles wide, and opens by Hoy sound in the northwest joining Pentland frith in the south near the island of Swona. The term scapa may perhaps be traced to the Gaelic scapadh, to scatter, spend.

Glorious Revenge.

Brother had gone to a basketball game and left little sister at home, very much to her disapproval. She began at once to lay plans for revenge, saying: "Mother, I know what I'll do. I'll just go with you to the dentist tomorrow and have a tooth pulled. I'll fix him and won't he be sorry?"

More Salt at Equator.

The farther the waters of the oceans get from the equator the less salt they contain.

"Walk a block and save a few dollars on your Tailored Suit."

LET THE ALBANY-DECATUR DAILY JOB DEPT. FIGURE ON YOUR PRINTING

An Explanation To the Public:

Unless the home be comfortable and cheery

during the cold bleak months of Fall, Winter and Spring, it is impossible for the family to enjoy those comforts of life to which they are entitled. The heating system determines whether or not your home—my home—shall be the place that our work and efforts entitle it to be.

This is the reason for the series of announce-

ments that will be run over our signature regarding the Pipeless Heating Department. We shall leave it to these announcements to tell you the details of the service we are in position to render.

We are very fortunate to have secured the ex-

clusive distribution of the nationally known Round Oak Pipeless Heating System. Anticipating a ready response from the home folks of this district, we have secured a very large shipment at the best possible terms.

In order to introduce these Heating systems

quickly and satisfactorily, and thereby form the foundation for future years growth and achievement in their distribution, we purpose to place this shipment on the market at terms and prices that we cannot hope to duplicate later.

These facts, we trust, will recommend your

thoughtful consideration of the series of talks that will appear from day to day over our signature.

We shall have with us an expert Heating En-

gineer, direct from the Round Oak Engineering Department, who will assist us in solving your particular heating problem.

Will you permit us to serve you?
